What you're reading right now is a snapshot of 4 years of coaching in the secret underground seduction community. The information within has been honed by teaching Thousands of students at over 150 bootcamps.

Until now this information was only available to a small circle of fellow coaches, and those I had trained to be instructors. That's guys like Future, Tenmagnet, The Don, Ozzie from RSD, Captain Jack and many other dating gurus who would prefer to remain nameless. In fact some guys have even paid as much as \$30,000 for a month of one on one coaching with me.

In fact I highly recommend that you guys read this Doctrine a few times over the next few weeks to really internalize some of these ideas as they are very counter intuitive. Plus the more times you read things the more your brain picks up on various points you may have missed the first time.

The information in this report is the result of literally thousands of hours of my own research in the pick-up arena as well as tens of thousands of hours of time in the field. After reading this report, you'll not only know what exactly you need to do to take your game to the next level, you'll also know *how* to do it.
